CHUBB
INSURANCE

Working together for your Benefit

**Insurance for
Defence and Government
Contractors**

As a technology company providing products or services to government (or government agencies) it is vital that your insurance cover is correctly tailored to meet your specific needs. You can only do this by working with partners who truly understand what you do.

At Astbury Wren we work with a global insurer - Chubb Insurance Company - to ensure that our innovative insurance solutions keep pace with your business in an increasingly complex sector. This means that whether you operate in the UK or overseas (including the USA) we can arrange the insurance cover your business requires.

The insurance policy will be administered by Astbury Wren and underwritten by Chubb Insurance.

What Activities Can Be Insured?

A wide range of activities can be insured, including the following:-

- Assembly and operation of unmanned aircraft or vehicles
- Supply and distribution of military radios and communications equipment
- Computer systems for advanced radars
- Manufacture of specialist parts for military aircraft
- Qualified anti-terrorism technology
- Research and development operations - including command, control, communications, surveillance hardware and software, as well as quality assurance support and testing
- Logistics and support of government facilities

Your Tailored Insurance Package

A comprehensive range of insurances is available so you can tailor your cover to meet your specific requirements, as follows:-

Property and Business Interruption Insurance - examples of extensive cover

- If you are involved in research and development activities, protection for the cost of replacing lost data or lost/damaged prototypes (including the costs associated with redoing any research work following such loss or damage)
- Cover for data recovery costs and loss of revenue to you caused by the impairment of your computer systems due to unauthorised access into such computer systems
- Automatic cover for loss or damage to your equipment whilst at any MOD site

Liability Insurance covering your activities

- Employers' Liability insurance to meet statutory requirements, as well as the option to arrange cover whilst you are on deployment operations overseas to comply with DEFCON697/CONDO
- Public and Products Liability insurance providing protection to you against claims for bodily injury and property damage made by third parties and arising from you carrying out your services, or from the design, installation or supply of any component or product by you anywhere in the world

Professional Indemnity Insurance - peace of mind via comprehensive insurance

- Cover for financial loss, bodily injury or property damage suffered by one of your customers due to:-
 - Defects in the products or components designed or supplied by you
 - A failure by you to perform agreed services
 - Failure by you to comply with a term within your contract with your customer
 - A computer virus

Plus optional cover for

- Unauthorised access to your computer systems
- A failure by you to complete critical integration services
- Privacy Infringement - Protection in respect of your liability to your customers or third parties as a consequence of you infringing their rights to privacy
- Infringement of Copyright - Cover for the costs incurred by you in defending any action brought against you for copyright infringement or infringement of any trademark
- Libel, Slander and Defamation protection on a world-wide basis

Personal Accident and Business Travel - wide range of options including:-

Defined benefits payable following an accident for:-

- Accidental Death, Loss of Limbs, Eyes, Permanent Total Disablement
- Temporary Total Disablement
- Temporary Partial Disablement
- Cost of Repatriation

Cover can be arranged on a 24 hour worldwide basis and with automatic protection for all your directors and employees

Business Travel incorporating the following:-

- Medical and Emergency Travel Expenses outside the United Kingdom

- 'Assist Rescue' outside the United Kingdom
- Legal Expenses
- Personal Liability
- Personal & Company Property and Money
- Costs incurred for Cancellation, Curtailment, Travel Disruption, Employee Replacement and Travel Delay
- Hijack
- Kidnap, Ransom or Hostage

What Else Can Be Offered?

Global Reach - A true multi-national insurance programme can be created for you if you are working overseas as Chubb Insurance Company operates from over 130 offices in 31 countries - including extensive interests in North America. This means that as well as providing insurance cover for your overseas activities any claims arising from such activities can be settled locally and with minimal disruption to your business. Insurance policies can also be issued locally to satisfy regional regulations.

Risk Management Services - a range of valuable services can be provided by experienced loss control specialists with a detailed knowledge of this sector to assist you in reducing your exposure to problems arising by providing advice and risk management in the following areas:-

- Business continuity planning
- Health and Safety, physical and data security
- Fire hazards
- Professional Indemnity and Products Liability exposures

Additional Insurance Protection - Astbury Wren can also provide expert advice and assistance with each of the following forms of insurance:-

- Intellectual Property disputes - cover for:-
 - legal costs of either bringing or defending a legal action for breach of intellectual property rights
 - loss of revenue you incur as a consequence of a third party breaching your intellectual property rights
 - damages awarded against you for breaching another company's intellectual property rights
- Credit risks - including options for protracted default and governmental default or confiscation
- Legal expenses cover - including options for contract dispute and debt recovery actions
- Product recall expenses
- Motor vehicles
- Pollution exposures
- Kidnap and ransom risks
